SUNSYSTEM CONSULTING INTERN AT TRG INTERNATIONAL

Things you need to know

1. What kind of product you're going to implement

TRG's main product is Sunsystem from Infor (An Enterprise software company), which is an integrated financial management, purchasing, inventory and sales management solution. Our main focus is on Hotel Management Industry. That's why a background in accounting or finance will speed up your training time.

2. What type of client you need to work with

Our clients include Avani, Aman Resorts, Aryaduta, Furama, Millennium, Dusit Thani, Hilton Group, etc. Most of them are in the Hospitality Industry. The common point among

those is they all need a functional software to help manage their resources better, and that is what you're going to help them on.

3. How can you do it

You will be trained with our Senior Consultant with technical/functional knowledge about the system, terminologies. Your working knowledge includes how the system works, what functions are inside and the specific usage for each function. That requires a detail-oriented mindset at first, but once you master it, you will be moved to a more business developing function such as develop a new function, dealing with new clients or customer retention management.

4. Who you're going to work with

Most of your time will be spent with your senior consultants, together with other junior ones, to provide our clients, from around the world, both Application and Technical Consulting. Also, Software Developers, Project Managers, Customer Supporters stand beside you to make the things done well.

5. What is the working environment TRG International offers

- Open and spacious working office
- International environment with staffs are all around the globe
- The diversity in the contrast between the young and the senior team
- Flexibility working hours
- Friendly and supporting colleagues
- No politic
- On-going training throughout the year
- Semi-casual working outfit, we support diversity and personal references but a good appearance is required.
